

I expected the worst. I'm that "ok", I don't know where I'm going

mushroom hunts with my brother
we get out-
doors

Mushrooms are too cute to resist!

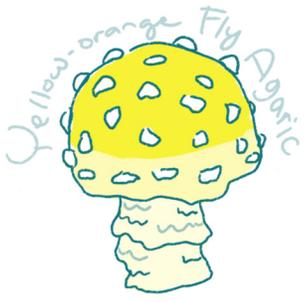

I'm afraid of going outside now, but

yet, it is ROT that's helping me recover...

so I made a silly little goal:

find this mushroom this summer! ☐

After the rain

my household survived an infection

It was weak, but I still felt like

I was **ROTZING**
